TECHNICAL DATA SHEET: LUBRICANTS

TOPLUBE XP 150 GEAR OIL

DESCRIPTION

Toplube XP 150 Gear Oil is a mineral base high performance lubricant, incorporating specific industrial gear additives that provide excellent boundary lubrication.

APPLICATIONS

Used extensively in industrial gear applications throughout marine, agricultural, commercial and engineering applications.

BENEFITS

Toplube XP 150 Gear Oil offers excellent coverage across a wide range of temperatures where an ISO 150 viscosity grade product is recommended.

Toplube XP 150 Gear Oil can be used where the follow specifications are required.

SPECIFICATIONS

DIN 51517 Part 3
